

N.B. The document below originated from an organisation called B.A.G.S (Boycott American Goods and Services b_a_g_s@hotmail.com). This version was dated 29 January 2003 and contained a few inaccuracies which we at Milton Keynes Green Party have been told about and have amended. BAGS have not replied to our email message asking for an updated list. Really this is their campaign, which we publicised, but until BAGS reappears we'll try to keep their campaign going. So if you spot any brands that are wrongly described as US owned in the list below, email usboycottcorrection@mkgreens.org.uk and we will remove it.

Milton Keynes Green Party, www.mkgreens.org.uk (this amended version dated 02/04/03)

IF WE CAN'T STOP THEM BOMBING - WE CAN STOP THEIR PROFITS!

Over 74% of British people DO NOT AGREE with the USA bombing of Iraq (BBC poll 15.01.02.)

Let USA Know WE MEAN BUSINESS by BOYCOTTING AMERICAN GOODS & SERVICES (B.A.G.S)
